- Focus on Efficiency & Results

"DaKenya is a motivating speaker who presents in a creative, engaging, and fun way all while teaching valuable life lessons. Her facilitation skills are very evident with a good blend of responsiveness, humor, and subtle guidance to capture the interest of the audience. Our theme for the event was "Creating The Vision Board," and DaKenya beautifully illustrated how a shift in perspective toward goals can help us achieve our intentional vision and purpose. She offered four simple practices for executing an intentional vision board and encouraged the attendees to choose one. DaKenya did a phenomenal job, she kept everyone engaged and lively throughout the afternoon. Her willingness to interact with attendees while creating their vision boards was a bonus that I will forever be grateful for."

- Amanda Roy-Square, Founder of Sisters With Purpose

DaKenya Douglas is the founder and owner of DaKenya Douglas Consulting, a business strategy and coaching consulting service in Baton Rouge, Louisiana. As a business strategist, her mission is to help niche business owners clarify their why and craft strategies that align their business models to their goals.

With 19 years of experience in the corporate world, DaKenya has taken organizations from stagnant to growing and profitable. As a personal and professional development coach, she has helped small business owners curate their brand and develop strategies to serve their organization better.

Never limited or defined by a job description, DaKenya learned to cut away all the fluff and laser in on the necessary to find the clarity and cohesion needed to solve problems, achieve goals, and take massive action.
